

TracTrac UK

“Race results show you who won, tracking shows you how they won”

TracTrac UK

TracTrac

LEADERS IN LIVE SPORT TRACKING

For over 20 years, TracTrac has been trusted by sailing events worldwide. Now fully available in the UK, TracTrac brings affordable, easy-to-run live tracking to club, class, and national dinghy events.

Bring racing to life, live and on replay Live tracking lets sailors, coaches, parents, and spectators follow every race from ashore or on their phone. See shifts, lanes, gains and losses in real time — then replay races afterwards for learning, coaching, and debriefs.

Simple access on any device Just open the TracTrac App on any phone, tablet, or laptop. Clear, intuitive views tailored for sailors, spectators, and race officials.

Designed for race officers and event teams TracTrac makes life easier for volunteers and race management: Start line calls, Race geometry — distance and bearings, Instant provisional results.

Perfect for club, class & youth events From weekend open meetings to championships and youth regattas, TracTrac scales easily to events of any size — inshore, short-course, or multi-fleet.

Robust trackers built for dinghy sailing Lightweight, accurate, and easy to issue at registration. Long battery life means charge once and track all day — or all weekend.

More value for sponsors & partners Live tracking keeps people engaged between races and places sponsor branding right where attention is focused — on the racing itself.

Zero-hassle setup We set everything up for you, free of charge. Or choose on-site support from experienced operators if you want a fully managed solution.

DIY or fully supported — your choice
